

UNDERST GROWS, SAYS JOHNSON

Speaker Says Bolshevism Is Spreading Alarmingly Everywhere.

"Though the war is over, the armistice signed, peace terms soon to be a matter of history, the war of civilization and citizenship is on against bolshevism," said Rev. F. M. Johnson, recently returned from duty in the navy, in his speech before the El Paso club Wednesday at the Sheldon.

"The breeding ground of bolshevism is the army," he said. "It is growing in our army camps. There are agents of the movement at work at our doors. Men leaving the army, whether they have served in France or whether they served in the states, should be given back their jobs. The men that remained at home were eager to go to the front as the unfortunate men that crossed the ocean," said Mr. Johnson, "and the agents of this devilish cause are at work where there is such discontent. It is the biggest fight the world has ever known, standing off bolshevism."

RIG BREAK AT PARIS IS IMMINENT, BELIEF

(Continued from page 1.)

fore it was agreed to accept Germany's proposal for an armistice. "Most show France inconsistent. Fidelity of the viewpoint then expressed by the allies would not doubt clarify the situation and disclose whether some of the foreign delegations have simply been inconsistent or whether 'new circumstances' have arisen, justifying new demands. "But whatever the reason may be for the demand on the part of France that the allies and the United States should join in 1918 to drive back to France territory she then owned on the Rhine, it is becoming evident here that president Wilson is impatient to get peace signed but does not feel that he can lend his signature to a peace treaty that includes anything which may hereafter be described as injunctive and which he himself has denounced as described in various speeches.

The president's idea seems to be that the outbreak of bolshevism in Russia is symptomatic of a new wave in Germany if the allies consider only themselves and not the future peace of Europe and the world.

The French are not so much disturbed by the threats of bolshevism because they believe it

Why Be Fat?

The answer of most fat people is that constant dieting is hard, exhausting—then, too, it might be harmful to force the weight down. That was the old-fashioned idea. Today in Marmite Prescription Tablets all these difficulties are overcome. Marmite Prescription Tablets are little tablets that melt in the mouth. They contain no harsh, irritating chemicals, enable you to diet without suffering, and thus the added advantage of Marmite. A large case of safe Marmite Prescription Tablets is sold by druggists at 10c. Or, if you prefer, you can obtain by sending price direct to the manufacturer, Marmite Co., 100 N. Broadway, New York, N. Y. Write for a free sample and full information.

WE RECOMMEND

The purchase of El Paso Oil. It is quick, it is easy, it is about as good as you will have to hurry.

We have been in El Paso over 10 years before the oil boom. Expect to be here the same length of time after the boom.

Army Officials Conferring On Construction

Brig. Gen. Hickok From Ariz. Survey Here For Local Construction.

Brig. Gen. Howard B. Hickok, commanding officer of the Arizona military district, is in El Paso to attend a conference of Brig. Gen. James H. Smith, commanding the El Paso district, with a number of officers of the construction and maintenance division relative to construction work along the border.

Construction details here include permanent quarters for the Seventh cavalry, which have been under consideration for some time, and \$100,000 has been allotted for that purpose. In order to get direct action on important matters involving the expenditure of funds and authority for construction work, a branch office for the construction division is being established at Camp Travis, San Antonio, to have authority for building projects and applications for funds for carrying out the work will be turned over to the branch office. The waste of time previously involved in referring these matters to the Washington office.

Inspected by Col. Hartman, chief of the maintenance and repair division at Washington, and Maj. Charles Chamberlain, who is original construction quartermaster, with headquarters at Camp Travis, San Antonio, are here to inspect various camps and posts in the El Paso district with a view to developing the building program, which has for its purpose the supplying of permanent quarters for all troops stationed along the Rio Grande.

Col. C. C. Donald, formerly chief of one of the branches of the maintenance and repair division at Washington, during the war, and at present time temporarily assigned to duty along the border, reporting directly to the chief of the division, is also here for the purpose of handling the engineering and construction work in connection with the lighting, power, refrigerating and water systems.

should be fought by forces that peace should be imposed upon Germany at the point of the bayonet, if necessary.

The big question is: Will Germany do as Russia when the Berlin ultimatum said the same thing at Brest-Litovsk? Will Germany give up the allied armies to do as they please and herself adopt passive resistance? There are the interrogations expressed in terms of the deepest anxiety in official Washington, together with the realization that if the premises do not agree on terms with Germany which shall square with their professions of democracy and unselfishness during the war, the chances for a successful operation of the league of nations will also diminish.

President May Speak Soon.

Paris is on trial just now in settling the question which shall be imposed on a vanquished enemy.

Friends of the president say he will make a full statement on his position within a few days. The president recedes from his present position. Unquestionably, premier Clemenceau or foreign minister Briand will have the answer and the world would have the opportunity to know how far the president has gone in the bottom of the mire of the last two weeks at Paris.—Copyright, 1919, by New York Evening Post, Inc.

WHISKY THEFT CASE REVERSED

Court Remands Wilson Case; Affirms Conviction In Auto Theft Case.

Austin, Texas, April 2.—The case of R. L. Wilson, from El Paso county, was reversed and remanded today by the court of criminal appeals. Wilson was given a term of two years in the penitentiary on conviction on a charge of theft of a barrel of Scotch whisky. In reversing the case the court said: "We think the case must be reversed because the trial court refused to allow appellant to file his application for a suspended sentence and refused to submit that question to the jury."

Key Case Affirmed.

The court also affirmed the case of Key Clay, from El Paso county. Clay was convicted on a charge of the theft of an automobile from J. H. Williams and given a term of five years in the penitentiary. The court found no reversible error.

Wife of Elmer Granted.

Application for writ of error was granted today by the supreme court in the case of Elmer, from El Paso county. Plaintiff had appealed from lower court, which had rendered judgment against him.

"Monk" Eastman, Famous Gunman Comes Back As Pot. Delaney, Hero, Who Helped To Crack German Line

CAMP UPTON, N. Y., April 2.—"Monk" Eastman, gunman, notorious leader of gangsters who once terrorized New York's East Side, now is Pvt. William

MEXICAN OFFICIAL MINISTER ENT JAP CONCESSIONS SHOWS ALL CLEAN

MEXICO CITY, Mex., April 2.—(By The Associated Press.)—Salvador Gomez, chief of staff of the department of agriculture and development, officially denied last night reports that Japanese subjects have bought lands in Lower California. His statement was issued on behalf of the department in the absence of Pastor Romo, the secretary of commerce, labor and agriculture.

It reads as follows:

Has Been No Sale.

"I can say that up to the present there has been no sale of lands in Lower California to Japanese subjects; neither has the department of agriculture and development authorized foreigners' rights to large extensions of lands in that section.

"Moreover, since our constitution prohibits the sale of national lands, this department, in accord with presidential decree, is giving special attention to all matters relating to Lower California. Concessions of territory in that part of the republic, which have been authorized by the government for a reduced number of hectares and to residents of various small villages, the policy of territory following the policy of creating small landholdings with the object of favoring the natives."

Baron Oster Concedes.

Baron Oster, Japanese minister to Mexico, issued the following statement regarding the discussion:

Col. Alexander Davis, of the quartermaster's department at Washington, in charge of storage and traffic, and Col. C. M. McConnell, are here in the interest of permanent warehouse facilities and freight yards to be located at the Fort Bliss reservation, in order to take care of storage of supplies for the El Paso district.

Immediate Needs.

The initial installation of about 60,000 square feet of space will be required for immediate needs, and provisions will be made for bringing the total available space up to 1,000,000 square feet, with tracks for making up freight trains and for the loading of troops. This project will involve an expenditure of \$150,000, exclusive of the cost of large steel warehousing which was originally intended for use overseas.

Plans have been prepared by members of the construction engineer's department under the direction of Col. Davis for the work contained here. These plans, it is said, incorporate ideas of Col. Davis gained as a result of wide experience in building and storing army supplies both in this country and in France during the war. The plans of work were submitted to Col. Davis and approved this morning.

38 Convicted I.W.W., Now In Prison, To Have Cases Reviewed.

Chicago, Ill., April 2.—Thirty-eight convicted members of the I. W. W., now imprisoned at Leavenworth, Kan., for violation of the espionage act, were ordered admitted to bail today by the United States circuit court of appeals, pending a review of their case by that tribunal.

"Big Bill" Hayward is the most prominent of those affected. He ruled an application for writ of error in the case of the Chicago, Rock Island & Gulf Railway company vs. Antonio Lopez, from El Paso county. The first case was tried before Judge Ballard Colwell in the sixth district court on February 7, 1918. It was relative to damage to a shipment of cattle.

Appeal George Case.

The case of George C. Walker vs. R. R. Wilmore, from El Paso county, was submitted in settlement of the contention of appeals. This was a suit involving the title to two acres of land at El Paso. Plaintiff had appealed from lower court, which had rendered judgment against him.

over alleged reports of Japanese interest in purchasing lands in Lower California.

"Tempest in a teapot has been created and I think the importance of the question is due to some political maneuvering caused by the nervousness of the next presidential election. It may be declared that there are no concessions in Lower California favoring Japanese."

State May Bar Japanese.

Sacramento, Calif., April 2.—A bill which would amend the California anti-land law to prohibit Japanese from buying land, and which was offered in the state senate Tuesday by senator J. J. McLaughlin, is being considered by the senate.

Navies To Work Together During Atlantic Flight

Col. McConnell and Col. Davis Looking Over Possibilities Of Ft. Bliss.

Washington, D. C., April 2.—British destroyers will cooperate with the American navy in patrolling the course to be followed by American naval airplanes in the projected flight across the Atlantic ocean.

It was learned today at the navy department that from 40 to 50 British ships would be on duty from the Azores to the British Isles, where, under present plans, the flight will end. Many of the ships are of the type that will be used and they will be stationed at intervals of less than 200 miles.

TIPPETT WELL BLOWS IN AS A GUSHER, IS REPORT

A telegram received in El Paso Wednesday said the Tippett well, about five miles north of the town of Comanche, Tex., had blown in and blown the derrick to pieces; also, that it promised to be the biggest well in the state. This well is about 15 miles south of the great Duke pool.

THIN BLOOD IS OFTEN CAUSE OF WEAK STOMACH

This Nebraska Woman Had An Experience That May Save Others From Suffering.

The man who has no desire to eat, even though he knows that his body needs nourishment, is in a very bad way, but even more pitiful is the case of the man who craves food yet knows that if he eats even a small part of what he wants and needs he will be tortured for hours and deprived of sleep. Business inevitably follows in such cases, as well as pains in the shoulders, headaches and, as the experience is repeated day after day, there is almost complete exhaustion of the body.

Stomach trouble of this kind is frequently caused by thin, weak blood. Good blood is absolutely essential to the digestive processes and until the blood is strengthened to perform its work the food which should nourish becomes a poison.

Stomach Trouble.

Mrs. George Fries, of No. 3209 E. 12th street, Omaha, Nebraska, suffered for a long time from indigestion before she gained permanent relief. She says: "I was first troubled with indigestion about four years ago and I kept getting worse all the time. I was very careful in selecting things to eat but this didn't seem to help and the attacks became more and more frequent. I was finally forced to stop work and I thought for a time it was heart trouble. Then I had attacks of gas during which I became nervous."

"One day a friend recommended Dr. Williams' Pink Pills to me and she spoke so highly of the treatment that I procured a box. After I had taken the remedy a few days I noticed that gas no longer bothered me and my heart didn't flutter as it had. Gradually my appetite improved and I gained strength and weight and I now feel as well as ever. My husband has taken Dr. Williams' Pink Pills for nervousness and he found them very beneficial and we are both glad to recommend them for we have great faith in the remedy."

Dr. Williams' Pink Pills are a tonic for the blood and nerves. They begin at once to build up the system weakened by excess or overwork. The rich, red blood soon begins to show in cheeks and lips, the step is quicker, the eyes brighter and the good effect is felt in every organ of the body.

Two useful books, "Diseases of the Nervous System," and "What to Eat and How to Eat," will be sent free by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or you can order them direct by mail, postpaid, at 50 cents a box, six boxes for \$2.50.—Adv.

Many Educational Features Brought Here by Wortham Shows.

Notwithstanding the rain and the high wind Tuesday evening, the El Paso Spring Festival had its initial performance on West Overland street, at the Durango street corner, and, although a couple of the "fronts" were blown over early in the evening, these were soon restored and those who visited the festival enjoyed the shows extremely.

The shows are all clean and interesting and it is impossible to see all of them and enjoy all of the rides in one evening. Those who went Tuesday night, liked it so well that they planned to return again to complete their tour of the shows and indulge in the rides.

As the performance is for the benefit of the El Paso hospital, the boys and girls have volunteered to serve as ticket takers and the little fellows were on the door Tuesday night in their uniforms, seeing that everybody who went in had a ticket.

The festival will last all week, closing on Wednesday night, and much fun and enjoyment as well as entertainment is promised for the young and old of El Paso during the stay of this organization.

The local advisory board of the El Paso hospital, which has been organized to close any show not considered proper, but the members who visited the festival Tuesday night found nothing to complain of; on the contrary, they praised everything they saw.

Figures of various world characters attracted much attention as an educational feature; also, the time whaler, who shows all manner of quaint and curious sea relics.

Miss Belle LaFrance Leading In Contest For Festival Queen

Miss Belle LaFrance, who took the lead Tuesday on the retirement of Miss Margaret Ivey from the contest for the festival queen, continued her lead Wednesday, with Miss Ethel Marberry, of the popular, who took the place of Miss Ivey, running second.

The standing of the contestants at noon Wednesday was as follows:

Miss Belle LaFrance	18,118
Miss Ethel Marberry	13,118
Miss Charles Kelly	1,118
Miss Mabel Aubrey	1,118
Miss M. Martin	1,118
Miss Anna Lind	1,118
Miss Frances Martin	1,118

TODAY'S AMUSEMENTS

PAULINE FREDERICK—ALHAMBRA

Pauline Frederick, the famous emotional actress, will be seen today at the Alhambra in the stirring play, "A Daughter of the Old South." This is a superb story of a creole girl in the south whose love tale is filled with laughter and tears, and which will be a real treat for all concerned. Miss Frederick has an admirable role which she handles with exquisite skill and support is all that could be desired.

Unusually thrilling scenes accompany the development of this remarkable story.

Friday Evelyn Nesbit will be the main attraction at the El Alhambra, playing in "The Girl Who Came to Stay." Saturday Katty Gordon will be seen in "The Scar" and the fourth scene of the beautiful Prima.

THE BATTLE OF THE BULGE

Next week, "The Battle of the Bulge," the most prominent feature of the year, comes to the Alhambra.—Adv.

NAZIMOVA—"OUT OF THE FOG"

The great Nazimova reaches the heights of her career in "Out of the Fog," the play, "Caption Show," a famous stage success by H. Austin Adams. When you see "Out of the Fog" you see a real play, and not an ordinary "movie," and when you see Nazimova you see a high-class actress, the greatest in the world today, so what more can you ask? You see a star of a thousand moods, and with personality plus an actress that knows how to act and does act.

The unique management earnestly requests those who can attend the matinee and avoid the congestion at the night shows.

Shows start at 11:15, 1:30, 3:15, 6:15 and 9:15.—Adv.

ELANAY—WM. S. HART

William S. Hart is at his best in "The Poppy Girl," which opened at the Elanay theater yesterday and which is being shown again at the Elanay today and tomorrow. In this picture Hart is seen in an entirely new character and entirely different environment.

GRECIAN—BRONCHO BILLY

Today is the last day in which to see Broncho Billy Anderson in the big special production, "The Son of a Gun."

Hundreds of Grecean patrons were delighted with this picture the past two days and were glad to see their old favorite again in bigger and better productions than he had in the days gone by.

GAMBLING A FEATURE—BIJOU

Today the Bijou theater will show Madeleine Traversa in the William Fox photoplay, "Gambling in Reno." This is a story of a gambler's life, according to report—gambling in Wall street, gambling at roulette, gambling with men and women's hearts. It is a tale of revenge and a woman's will and can do to a man who has financially ruined her family.

EL PASO'S NEWEST DEPARTMENT STORE

THE OBE

COR. OVERLAND & SAN JACINTO STS.

We accept Liberty Bonds at face value in payment for merchandise and on account.

Healthy Children Must Have Stout Clothes

In selecting clothes for the boys and girls we always keep in mind that clothing must be well made and of good materials. We are also just as particular that these clothes have style.

Our present spring offering, for both boys and girls, is most extensive and you can buy what they require for dress, play or work—for considerable less.

Special For The Boys

On the main floor and in the underpriced basement we are offering some unusually attractive specials for the boys. In addition to these advertised specials you will find many unadvertised specials that are just as attractive, as to values as these following:

WASH SUITS	
These are well made from materials that not only wash but will wear well.	
Prices are	\$2.50
95c, \$1.00 and	
LONG TROUSER SUITS	
These are Sailor and other styles. These come in either Khaki or White. The Special	\$3.95
Price is	
UNDERWEAR	
Boys' Athletic Union Suits, in a full range of styles.	75c
Priced at	
BIG BOYS' SHIRTS	
Boys' percale shirt, either with or without collars.	\$1.25
Priced at	
Send Us Your Mail Orders For Children's Wear.	

UNDERPRICED BASEMENT

THE COURTS.

6TH DISTRICT COURT.

Judge Ballard Colwell, Presiding.

Mary Hess Investment Co. vs. W. H. Akard, Hans Akard and J. E. Root. Verdict of a jury of five, \$100.00.

L. O. Ramsey vs. Goldfort Liquor Co. suit on note on trial.

4TH DISTRICT COURT.

Judge P. B. Price, Presiding.

Daisy Baggett vs. J. A. Baggett, suit for divorce, filed.

C. S. Rodgers, Land and Cattle Co. vs. Mrs. Ann Margaret Benton, suit for debt on trial.

BE BETTER LOOKING—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with alcohol. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days—you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Their oily milky nature of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

BIG Money is NOT Made in Oil

by buying in a developed field and waiting for dividends, but by bringing in a NEW FIELD your \$100.00 investment may jump in 30 days to \$50,000.00, but to do this you must take a chance. This is what I am asking 800 others to take with me, and invest \$100.00 each, and YOU ARE NOT TAKING MUCH OF A CHANCE either, when EVERY OIL EXPERT, and GEOLOGIST that has ever visited this property predicts that it will develop the greatest OIL FIELD THE WORLD HAS YET KNOWN.

U. S. Chief Geologist DAVIS WHITE, at the convention of OIL geologists at DALLAS, Texas, March 13th, 1919, said "THAT NEW MEXICO WOULD DEVELOP ONE OF THE BIGGEST OIL FIELDS IN THE WORLD," and GEOLOGIST and OIL EXPERT R. G. George says (in the El Paso Morning Times of March 14th), "In the TULAROSA BASIN are found folds of rock indicating the existence of OIL and GAS and in the opinion of all OIL GEOLOGISTS, IN THIS DISTRICT THERE EXISTS THE GREATEST OIL FIELDS ON THIS CONTINENT," this opinion is expressed by Prof. Carrera, who knows every foot of this section, and Frank E. Force, an experienced OIL Geologist, recently from the Wyoming, Oklahoma and Texas OIL Fields, says: "In New Mexico it is my belief the GREATEST OIL FIELDS THE WORLD HAS YET KNOWN will be found, I am of the opinion that perhaps the most positive indication of oil exists in what is known as the TULAROSA BASIN, examinations made by government men and privately employed geologists have resulted in such a general agreement as to the perfect conditions for the existence of oil, that the oil fraternity generally throughout the country are looking to New Mexico and to the TULAROSA BASIN for the NEXT BIG NEW PRODUCTION," and my property is, in the WRITTEN opinion of Geologist S. H. Worrell, Dean of the Texas School of Mines, THE CREAM of this TULAROSA BASIN.

A Pennsylvania company located here years ago, to drill for oil, but the money panic stopped them, and the eminent geologist, C. T. Serle, when here in 1916, commented on the WONDERFUL POSSIBILITIES FOR OIL on this property.

Many with small capital who get in on the GROUND FLOOR will make fortunes in New Mexico OIL, as has been done in other states, ARE YOU GOING TO BE ONE OF THEM or will you tell hereafter that you lived here during the OIL DEVELOPMENT and did not get rich because YOU DID NOT HAVE THE NERVE TO TAKE A CHANCE.

My company will be capitalized for \$100,000.00, 1000 shares of \$100.00 each. I will get 200 for my entire holdings of about 20,000 acres, you will have your pro rata interest in ALL of this, and every well brought in, I will buy at par a substantial block of stock to show my confidence in it, it is selling fast and I believe will go to double its present value in 60 days; buy two shares, sell one, when the value doubles, the remaining one will then have cost you nothing and I believe it will make you rich. Liberty Bonds will be taken at their ACTUAL VALUE only. No stock will be issued for promotion purposes. There will be no stock salesmen. If we do not strike oil, an accounting will be made, and such money remaining in the treasury will be returned to each, pro rata, my 200 shares will not participate in this refund, but only such shares as I shall have paid \$100.00 each for. COULD ANYTHING BE FAIRER?

The Bowman Bank & Trust Co. of Las Cruces, N. M., will act as trustee for all money received, and I believe every bank in El Paso, and where I am known in New Mexico, will assure their customers that they believe I will honestly carry out every pledge I make.

I WILL ASSURE ALL A SQUARE DEAL. THERE WILL BE NO SALARIED OFFICERS. THIS WELL WILL BE SUNK OR YOUR MONEY REFUNDED. NOTHING RUNS INTO MONEY AS RAPIDLY AS OIL—IT IS LIQUID GOLD.

W. W. COX

President the Bowman Bank & Trust Co.

Treasurer of Dona Ana County for the past 7 years.
